# AN ADMIRABLE NOVEL

DOMESTIC LIFE.

Of late years a new and wholesome tendency has appeared in French inaginative literature. A class of writers have appeared, who, instead of appealing to morbid passions and depeared states, have gained a reputation by depicting the pure and brainly emotions of the heart, by developing the charms of gental and symmetrical characters, and by exhibiting men and women nealty triumphing over adverse circumstances and social temptations.

women neary trainipling over adverse direcumstances and social temptations.

Of this new school of writers, two conspicuous examples are found in the works of Esuile Souvestre and Octave FRUILLET. The former has already been extensively translated into English, and is not unknown in this country. The latter we propose to introduce to the readers of The Tribune, by a spirited version of his

"ROMANCE OF A POOR YOUNG MAN," which has recently appeared in Paris, and has been hailed by both French and English critics as perhaps the most striking and admirable work of forton that appeared in any country during the year 1839. Indeed, since "Jame Eyre" striked the nevel-reading world, we hardly remember another production of the kind which, for beauty and interest, can be compared with the

of the kind which, for beauty and interest, can be computed with this.

The publication of "THE ROMANCE OF A POOR YOUNG MAN" will be commenced in THE NEW-YORK SEMU-WEEKLY TRIBUNE on Tuesday, April 19, and in THE NEW-YORK WEEKLY TRIBUNE on Satarday, April 23, and will be regularly continued until it is completed. Rewarmen will please send in their orders immediately.

WILL BE READY, IN

THE NEW-YORK MERCURY,

TO-MORROW MORNING,

AT ALL THE NEWS DEPOTS.

FOUR GREAT BOOKS .-

GOULD & LINCOLN, No. 55 Wassington-St., Boston, Will Publish in a few days:

LIMITS OF RELIGIOUS THOUGHT.

By the Rev. H. Longueville Mansel, B. D., Reader in Moral and Metaphysical Phylosophy at Magdalen College,
Oxford.

12mo., cloth. \$1.25.
This volume is destined to create a profounder sensation in this country than any philosophical or religious work of this

this country than any philosophical or religious work of thi century. It is a defense of revealed religion, equal in ability the "Analogy" of Bp. Butler, and meets the skeptholson of ou age as effectually as that great work in an earlier day. The Pantheism and Parkerism infused into our popular literature will here find an antiacte. The Lectures excited the highest enhusiasm at Oxford, and the volume has airsady reached third edition in England. The copious "Notes" of the author have been translated for the American edition by an accomplished scholar, which adds greatly to its value.

HUGH MILLER'S NEW VOLUME.

POPULAR GEOLOGY. With descriptive Sketches from a Geologist's Portfolio. By Hugh Miller. With a Resume of the Progress of Geological Science during the last two years. By Mrs. Miller.

Triogress of Geological Science during the last two years. By Mrs. Ailler. 12mo, cloth. \$1.25.

This work is likely to prove the most popular of Hugh Miller's writings, and to attain the widest circolation. It is written in his best style, and makes the mysteries of Geology intelligible the common mind. As an architect explains the structure of a house from cellar to attle, so this accomplished geologist takes the globe to pieces, and explains the mamer in which all its strain have been formed, from the granite foundation to the alluvial surface. It supplies just the information which many readers have been longing for, but unable to find.

The Trade wishing for early copies of these forthcoming works will send in their orders.

Just Published:

THE LIFE OF JOHN MILTON.

Narrated in connection with the Political, Ecclesiastical and Literary History of his Time. By David Masson, M. A., Professor of English Literature in University College, London. Vol. 1. From 1668 to 1658.

The sale of the first edition of this great work, in four weeks, is a sufficient testimonial to its worth. It has received the highest commendation from English and American critics.

"An elaborate, erudite and magnificent work."—[N. Y. Independent.

An easonate, excute the pendent in the light of a classic. It is there ough, exhaustive, able and estisfactory—a magnificent but just tribute to the memory of one of the greatest men, as well as the foremost poet, of modern times."—[N. Y. Evangelist.

HAMILTON'S LECTURES.

HAMILTON'S LECTURES.

LECTURES ON METAPHYSICS. By Sir William Hamilton, Bast, Professor of Logic and Metaphysics in the University of Editiburgh. Efficied by H. L. Mansel, B. D., Oxford, and John Veitch, M. A., Edinburgh.

Str. William Hamilton to the American peeple. He has ranked for years among scholars as the acutest and most profound writer on Metaphysics in the English tongue. But accumung readers have been often repelled by the very subtlety of his thought shu the exactness of his style. This volume, like the best efforts of Webster, combines the profoundest thinking with clear and popular statement. It is without doubt, the best work of its kind ever published in this country; and while it gratifies the New-England tast for metaphysical discussions, will put at rest certain great questions in theology and philosophy which have long been mocted. It overturns from the foundations the science of Phrenology as taught by Spurabelm and Combe.

Copies of these works forwarded by mail on receipt of the price.

"MISS FLORA MCFLIMSEY OF MADI-

SIN SET STATE OF MADISON-SQUARE,"
Six Stereocopic Illustrations of
"NOT RING TO WEAR."
We publish this day a series of six beautiful and original Illustrations for the Stereoscope, of William Allen Butler's famous poem, "NOTHING TO WEAR." designed and photographed by the New York Stereoscopic Company, for whim we are sole agents. These pictures are by far the finant ye offered to the public. They have been prepared with great ear, are spirited and truthful in expression, exquintlely colored, and on the back of each is neatly printed the passage illustrated,
Price of set \$3, on receipt of which they will be unade to any address.
